

TECHNICAL DATA SHEET

CHARACTERISTICS AND APPLICATIONS

ADHESIVE HOOKS ARE AN EXCELLENT CHOICE FOR THOSE LOOKING FOR PRACTICALITY, ORGANIZATION AND A TOUCH OF FUNCTIONALITY IN DIFFERENT ENVIRONMENTS. Unipega's line of adhesive hooks and organizers offers a practical and resistant solution for you to decorate and organize your home or work environment. They are easy to apply and extremely resistant.

INSTRUCTIONS FOR USE AND HANDLING

SURFACE PREPARATION: Clean the surfaces where the stickers will be applied with isopropyl alcohol only. The use of any other product may compromise the performance of the tape. Completely remove any traces of oil or dust.

HOW TO USE: Remove the protective liner from the tape and apply the product to the desired location. Press the piece for 30 seconds with some force to increase the resistance of the tape. Wait 1 hour before using the hook.

IMPORTANT: The larger the tape's contact area, the more resistant it is to use. For this reason, do not use hooks on irregular, curved or textured surfaces. The tapes are not designed to support large three-dimensional objects, such as shelves. It is not recommended to use hooks and tapes on objects that exert pressure in a pendulum-like manner. Check the surface where the tape/hook will be applied. When removing the tape, the adhesive may damage surfaces with poorly fixed paint or plaster that lack resistance. Check the product's resistance rating on the packaging.

ADVANTAGES

- Ease of use, adhesive hooks are extremely easy to apply
- No damage unlike nails or screws, adhesive hooks do not damage surfaces
- Practical, they are perfect for those who do not want or cannot drill holes in the walls, such as in rented properties, for example
- Simple removal when they are no longer needed, adhesive hooks can be removed without leaving residue or damaging the wall, which is especially advantageous for moving or when you want to redecorate the room.

SIZES

DESCRIPTION	SIZE	CAPACITY	QUANTITY PER BLISTER
Amber Hook P	3 x 2,2cm	500g	4 units
Amber Hook M	5 x 3cm	1kg	2 units
Amber Hook G	5 x 11cm	3kg	1 unit
Zafira Hook M	26,5 x 3cm	2kg	1 unit

STORAGE

The product must be kept in its original packaging and stored in a cool place at a temperature below 30°C, away from direct sunlight and heat sources. Keep out of reach of children and pets.
Shelf life (from the date of manufacture): 48 months.

LIMITED WARRANTY INFORMATION

The information contained in this Technical Data Sheet is based on our knowledge and experience to date. Because our product can be used in a wide range of applications and under different working conditions, we recommend that the customer conduct their own tests to approve the product for safety and intended use. We cannot assume responsibility for the results obtained by others whose methods are beyond our control. Therefore, it is the user's sole responsibility to determine the suitability of the product for the intended purpose and to take any precautions that may be recommended to protect property and persons from any hazards that may arise during its handling and application. Our warranty applies within the context of applicable legal regulations and provisions, current professional standards, and in accordance with the provisions established in our general terms and conditions of sale. The information detailed in this document is provided for informational purposes only. The same applies to any information provided verbally, by telephone, or in writing to any potential or existing customer. **For information on safety, handling, storage, and disposal, consult the respective Safety Data Sheet (SDS).**
