

TECHNICAL DATA SHEET

CHARACTERISTICS AND APPLICATIONS

DEEP CLEANING OF UPHOLSTERY, CARPETS, RUGS, CAR INTERIORS, SNEAKERS, BAGS AND MORE. Unipega All Purpose Cleaning Foam is a deep-acting and concentrated foam that removes the most difficult dirt in a simple and practical way, without the need for force or rinsing. Restores the original color and appearance of the surfaces. It can be used in general cleaning of upholstery, carpets, suede, vinyl, pillows, formulas, wallpapers, floors, tiles or any washable or painted surface.

INSTRUCTIONS FOR USE AND HANDLING

HOW TO USE: On any surface, test initially on a non-visible area to make sure it does not stain or fade. Shake the package vigorously. Apply the foam evenly at a distance of approximately 20cm on the surface to be cleaned. Leave to act for 30 seconds. If necessary, rub with a damp cloth, sponge or brush. Wipe with a dry cloth. To avoid staining glass and polished surfaces, remove excess foam before it dries. If the foam dries, use a glass cleaner and automotive wax on the polished surfaces.

ADVANTAGES

- Practical
- Versatility
- Fast action
- Since it does not contain CFCs, it does not cause damage to the ozone layer

LIMITATIONS

Before using this or any other chemical, make sure you have read and understood the information contained in the Safety Data Sheet (SDS). Observe the potential risks and follow all precautionary measures, handling instructions, considerations and provisions mentioned in the MSDS and on the packaging.

STORAGE

The product must be kept in its original packaging and stored in a cool place at a temperature of 5 to 30°C, protected from direct sunlight and away from heat sources, with the packaging always facing upwards. Do not expose to the sun and temperatures above 50°C. Avoid keeping the product inside vehicles. Keep out of reach of children and pets. Validity (from the date of manufacture): 24 months.

LIMITED WARRANTY INFORMATION

The information contained in this Technical Data Sheet is based on our knowledge and experience up to the present date. Due to our product being able to be used in a wide range of applications and under different working conditions, we recommend that the customer conducts their own tests to approve the product for safety and intended use. We cannot assume responsibility for the results obtained by others whose methods are beyond our control. Therefore, it is the sole responsibility of the user to determine the suitability of the product for the desired purpose and to adopt any precautions that may be advisable to protect property and individuals against any hazards that may be involved in its handling and application. Our warranty applies within the context of legal regulations and provisions, professional standards in force, and in accordance with the determinations established in our general sales conditions. The detailed information in this document is provided for indicative purposes only. The same applies to any information provided verbally, by telephone, or in writing to any potential or existing customer. For safety, handling, storage, and disposal information, please consult the respective Material Safety Data Sheet (MSDS).
