

## TECHNICAL DATA SHEET

### CHARACTERISTICS AND APPLICATIONS

CLEANER AND RESTORES ELECTRIC CONTINUITY IN ELECTRONIC CIRCUITS, WITHOUT THE NEED TO DISASSEMBLE THE EQUIPMENT. Unipega Flammable Contact Cleaner is a cleaner and restorer of electrical continuity in electronic circuits, without the need to disassemble the equipment. It has excellent cleaning and moisturizing power. It cleans and dries instantly. It helps prevent faults and poor contact without interfering with electrical properties. It does not propagate electrical current. It is indicated for removing grease, dirt, oils and other contaminants from the surfaces of electro-electronic contacts. It instantly cleans vehicle ignition and electronic injection systems, spark plug cables, relays, connectors, computers, printers, printed circuits, optical sensors, potentiometers, magnetic heads, electrical and electronic machines, industrial equipment, circuit breakers, fuses and electrical switches. After application, it spreads completely, eliminating contact faults in minutes.

### INSTRUCTIONS FOR USE AND HANDLING

**HOW TO USE:** Apply directly to the desired location using the extender.

### ADVANTAGES

- Easy application without disassembling the parts
- Fast and effective action
- Deep cleaning of aluminum or metal parts
- Removes oxides and obstructing elements

### STORAGE

The product must be kept in its original packaging and stored in a cool place at a temperature of 5 to 30°C, away from direct sunlight and heat sources, with the packaging always facing upwards. Do not expose to sunlight or temperatures above 50°C. Avoid keeping the product inside vehicles. Keep out of reach of children and pets. Shelf life (from date of manufacture): 36 months.

### LIMITED WARRANTY INFORMATION

The information contained in this Technical Data Sheet is based on our knowledge and experience up to the present date. Due to our product being able to be used in a wide range of applications and under different working conditions, we recommend that the customer conducts their own tests to approve the product for safety and intended use. We cannot assume responsibility for the results obtained by others whose methods are beyond our control. Therefore, it is the sole responsibility of the user to determine the suitability of the product for the desired purpose and to adopt any precautions that may be advisable to protect property and individuals against any hazards that may be involved in its handling and application. Our warranty applies within the context of legal regulations and provisions, professional standards in force, and in accordance with the determinations established in our general sales conditions. The detailed information in this document is provided for indicative purposes only. The same applies to any information provided verbally, by telephone, or in writing to any potential or existing customer. **For safety, handling, storage, and disposal information, please consult the respective Material Safety Data Sheet (MSDS).**
